AMSAT NEWS SERVICE SPECIAL BULLETIN
ANS-353

The AMSAT News Service bulletins are a free, weekly news and information service of AMSAT North America, The Radio Amateur Satellite Corporation. ANS publishes news related to Amateur Radio in Space including reports on the activities of a worldwide group of Amateur Radio operators who share an active interest in designing, building, launching and communicating through analog and digital Amateur Radio satellites.

The news feed on http://www.amsat.org publishes news of Amateur Radio in Space as soon as our volunteers can post it.

Please send any amateur satellite news or reports to:
ans-editor at amsat.org.

You can sign up for free e-mail delivery of the AMSAT News Service Bulletins via the ANS List; to join this list see:

SMOG-P and ATL-1 Designated Magyar-OSCAR 105 (MO-105) and Magyar-OSCAR 106 (MO-106)

On December 6, 2019, the Technical University of Budapest SMOG-P and ATL-1 PocketQubes were launched on an Electron launch vehicle from the Mahia Launch Complex in New Zealand. SMOG-P and ATL-1 were developed as part of the university curriculum and operated in cooperation with the HA5MRC Technical University amateur radio club. The satellites carry spectrum monitoring payloads and are currently active.

At the request of the Technical University of Budapest, AMSAT hereby designates SMOG-P as Magyar-OSCAR 105 (MO-105), and ATL-1 as Magyar-OSCAR 106 (MO-106). We congratulate the owners and operators, thank them for their contribution to the amateur satellite community, and wish them a long mission and continued success on this and future projects.

73,
Drew Glasbrenner, KO4MA
AMSAT VP Operations / OSCAR Number Administrator

[ANS thanks AMSAT VP Operations / OSCAR Number Administrator Drew Glasbrenner, KO4MA, for the above information.]

/EX

In addition to regular membership, AMSAT offers membership in the President's Club. Members of the President's Club, as sustaining donors to AMSAT Project Funds, will be eligible to receive additional benefits. Application forms are available from the AMSAT Office.

73 and Remember to help Keep Amateur Radio in Space,

This week's ANS Contributing Editor,

Paul Stoetzer, N8HM
